6. Procedure

<u>Step</u>	<u>Actionee</u>	<u>Action</u>
6.1	Code E	Start
6.2	EES	A thorough review is conducted of all the requirements specified in EEOC MD's 713 and 714 in order to ensure that the planning and preparation process for the multi-year AEP is in compliance with the latest guidance. The life of NASA's current multi-year AEP for Minorities and Women is five years (1998 – 2002). The Individuals With Disabilities AEP is updated annually as part of the Accomplishment Report.
6.3	EES	A thorough review is conducted of previous years' AR's and the previous generation AEP to determine commitments made, objectives accomplished, and areas that remain unresolved. A thorough review is also conducted of Agency reports prepared by Code E. These reports include the Agency AR for Minorities and Women (see HOWI3700-E005), the Annual Center Directors EO Assessment Reports, Annual EEO Complaint Processing Report, and the Functional & Staff Office Assessment Report. The review covers the reports for the previous 4 years.
6.4	EES	A review of internal and external studies regarding Agency affirmative employment efforts is conducted. These internal studies are prepared by Code EI and include, at a minimum, statistical profiles of participation rates, by race, sex, national origin, and disability, of personnel in middle and senior-level training programs, promotion opportunities, loss rates, and new hires.
6.5	EES	As the result of the analyses conducted in 6.3 and 6.4, outstanding issues and/or barriers to equal opportunity are identified. Officials responsible for implementing specific actions to increase the participation of covered groups in specific personnel programs are identified. Once these management representatives are identified, types of actions and target dates are
